

# CERTIFICATE OF ENVIRONMENTAL ACCOMPLISHMENT

This is to certify that

**Fujimi Corporation**

participated in the Shred-it™ shredding  
and recycling program and saved 41.90 trees from  
destruction in 2012.

Shred-it congratulates staff members on the positive impact  
this initiative has made towards saving our environment.

Thank you for Your Business.

Dear Customer,

At Shred-it, corporate social responsibility is integral to our business. Furthermore, **Environmental Responsibility** is fundamental to Shred-it's mission and central to how we operate.

At the core of our Environmental Commitment is our dedication to our **Trees Saved Program**. Essential to the success of this program is your valued participation. By choosing to shred your confidential documents with us you play a vital role in saving trees.

**Congratulations! Through the destruction of your confidential documents and those of all Shred-it customers, you have helped contribute to saving millions of trees.** In recognition of this accomplishment, we are so pleased to present you with the attached Environmental Certificate. We hope you are proud of this achievement.

All material that is shredded at your location is subsequently baled and recycled. While this ensures that your private information is disposed of safely, there are several far reaching additional environmental benefits. According to industry estimates, every ton of recycled paper saves:

- 18 new trees from being harvested for pulp and paper production
- Uses 64% less energy
- 50% less water
- Causes 74% less air pollution than the same quantity of paper from virgin wood pulp

We thank you for your support and commitment in doing your part in helping reduce our environmental footprint.

We are proud to be your partner in making a difference.

Best Regards,  
Your Shred-it team
